

Concerned
about your business?

Our expert team can help support you through the economic downturn.

Whatever size your business, our Business Development Services team can offer:

Business Advice

- Guidance on increasing productivity, delivering a boost to your bottom line.
- A skills analysis of your workforce, enabling you to downsize or diversify.
- Plans to maximise your budgets and minimise waste.
- Support in creating a more efficient and effective workforce.
- Help developing business plans to increase profitability.

Workforce Retraining

- Access to funding and free training.
- Bespoke and flexible training tailored to your business.
- Training at times and locations of your choice, to minimise disruption.
- Short accredited vocational courses for staff.
- One day leadership and management-related courses.

Redundancy Support

- Confidential guidance on the redundancy process (legal, contractual, retraining).
- Funded training to develop new skills relevant to the current job market.
- Help with CVs, job search skills and interview techniques.
- Expert advice and support on employees developing or changing careers.
- Access to career coaches, benefit advisers, stress management counsellors and debt advisers.
